VR EVO – VR

SPEED	RANGE – MINUTES	
	SPORT	ECO
8	90	140
7	100	160
6	125	210
5	155	250
4**	220	430
3	415	555
2	610	800
1	800	920

SPEED	RANGE MINUTES	MODE
8		
7	100	FAST
6		
5		
4**	150	CRUISE
3		
2		
1		

Thanks to **Nautilus Concept technology**, these two tables highlight the advanced performance of the **NEW VR SERIES** compared to the **VR EVO**.

The table for the NEW VR SERIES demonstrates how this new series achieves significantly higher range levels, while the VR EVO table shows that it offered only two range and speed modes, labeled as FAST and CRUISE.

**The data refer to the QUANTUM model*

***Cruising speed 45 m/min*
